RESIDENTIAL WIRELESS ENTRY INTERCOM (F3100MBC)

Designed for added security to your automated gate with the ability to “speak to” and “screen” visitors safely from inside your home. Ideal for securing gate entrances while providing controlled access.

STANDARD FEATURES

- Increased Surveillance: Screen visitors and solicitors safely from inside your home.
- Superior Range: Crystal clear two-way wireless communication up to 500 ft. (152.4 m).
- Stand Alone Keypad: Program up to 100 entry codes for added security.
 - Motion activated backlit keypad
 - Attractive stainless steel faceplate
 - Vandal resistant locked housing
- Access Control: Accept or deny visitor access to your property.
- Interior intercom is mobile and can be used anywhere in your home (battery and charger included).
- Accepts up to 4 base stations: Kit includes one base station with rechargeable battery.
- Exterior Intercom/Keypad is powered by four “C” batteries (not included).

Accepts up to 4 base units
